500ml HDPE bottles with spray head

DO NOT SWALLOW
KEEP AOUT OF THE REACH OF CHILDREN

DESCRIPTION

BIO SHIELD is a ready-to-use organic solution, enriched with probiotics. Suitable for cleaning all types of organic contamination on any surface we enter directly and frequently in tactile contact with.

The effect of the product is based on probiotics that produce enzymes for a long time. These enzymes break down organic residues, which separate the residues of the substrate and dissolve them to be easier to remove mechanically.

This product is a cleaning agent and cannot be used as biocide.

SUITABLE FOR :

- very heavily used surfaces
- restaurant / pub kitchen countertops
- surfaces where food is prepared
- bar countertops

ATTENTION!

Store the products between 5°C and 45°C.

IMPORTANT NOTE

No need for gloves or protective equipment

The packaging is not reusable and when finished, rinse and discard in accordance with the recycling laws in your country
